

EZ2000 Trojan Database Update Electronic Download Instructions

1. Double click the **Trojan Communicator*** icon  located on your desktop. Click **Download Now**. This will connect to Trojan and Start to transfer the requested update files.
2. Once the transfer has finished, click on the first option that appears on your screen. **Click here to minimize this program**

1) Click here to minimize this program

3. Open the **EZ2000** program. Click **Yes** when alerted to the waiting update
4. Click **Yes** to confirm the month of the update. Select to either Print, View on Screen or Cancel to skip the delete report
5. Click Yes to confirm the update process has completed in your program and return to EZ2000
6. Click on the Trojan Communicator, which was minimized in step 2. Select option 2 **Click here only after you have processed the Trojan update!**

2)Click here only After you have processed the Trojan Update!

7. Confirm that you have processed the Trojan Update by clicking **YES**. The Trojan Communicator will put itself in the Windows system tray and be ready to remind you to run the update again in 7 days.
